

**GENERAL SERVICE ADMINISTRATION (GSA) SCHEDULE CONTRACTOR  
OR  
AIR FORCE WAY II (AFWay II) CONTRACTOR**

## GSA Schedules

GSA schedules provide government customers access to more than 11 million commercial supplies/products and services at volume discount pricing that the government orders directly from the GSA Schedule contractors. Vendors interested in becoming GSA Schedule contractors can find more information at [www.gsa.gov](http://www.gsa.gov). Select **“FOR BUSINESSES”** in the left column, and then select **“Getting on Schedule.”**

## AFWay II

AFWay II is now in use. AFWay II has been authorized as an acquisition portal for Air Force customers to access standard Air Force information technology contracts and agreements.

In the past, AFWay included a non-contract vendor listing initially intended to allow listing of traditional suppliers/contracts for local AF installations. Over time, that listing grew to include a variety of contracts that included some GWAC and MAC contracts from other military services or Federal Agencies, GSA schedule sources and non-contract/non-schedule suppliers. This led to confusion in use when AF contracting officers competed requirements among the non-contract vendor listings and may not have complied with Fair Opportunity competition requirements under FASA or CICA competition requirements based on the listing of different types of contracts and suppliers.

The new **Non-Contract Vendor** Policy states: “Suppliers who do not have an AFWay BPA contract agreement will not have access to AFWay II. Contracting Officers will continue their business relationships with these suppliers outside the AFWay II application.”

For any additional information on AFWAY II, email [afway.pmo@gunter.af.mil](mailto:afway.pmo@gunter.af.mil).
